

January 2014

# Monthly Report

## EMS Division

### Medic Unit Activity

#### EMS Events

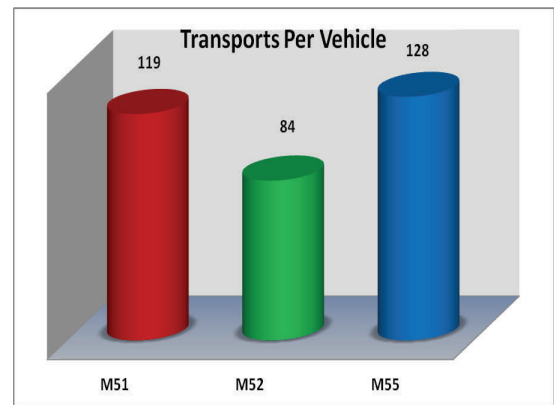

- Provided CPR class for residents and district employees

The number of responses for traffic accidents increased due to the weather.

#### Top 5 Incident Types

Traffic Accidents	73
Sick Person	48
Fall/Back Injury	37
Breathing Problems	32
Psychiatric/Suicide Attempt	22

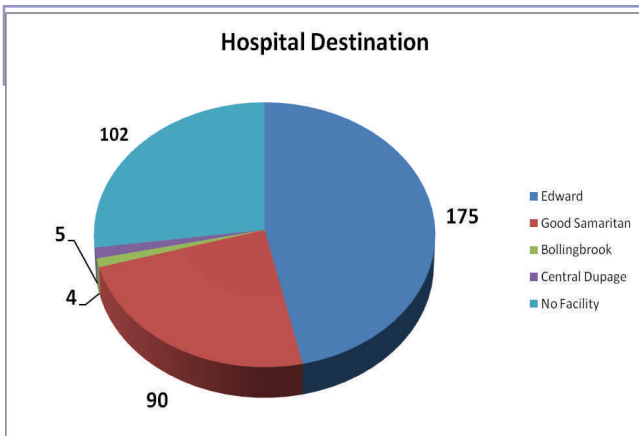

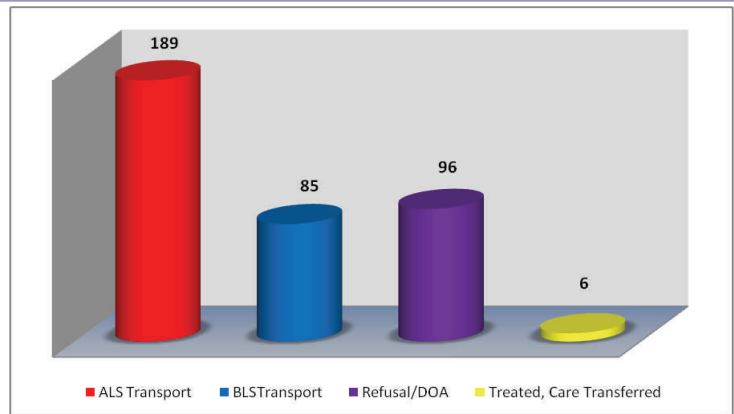

The ambulances were busy this month with Medic 55 being the busiest.

#### Outcome Summary

Our primary source of transports remain ALS. We transported only once for other towns, 1 BLS. with 6 Treated Care/Transferred transports in return.

Total number of transports for May: 274

#### Hospital Destination

Edward Hospital received the majority of our patients this month. This is based on patients request as to which hospital they would like transported to.

#### Training Topics

- EHEMSS Training
  - Neonatal Resuscitation
- Scenarios
  - Surgical Cric
- Region 8 and Edward System Meetings
- EMS Coordinators Meeting
